# THE CRUSADER

1959

**De La Salle Academy**

## Progress . . .

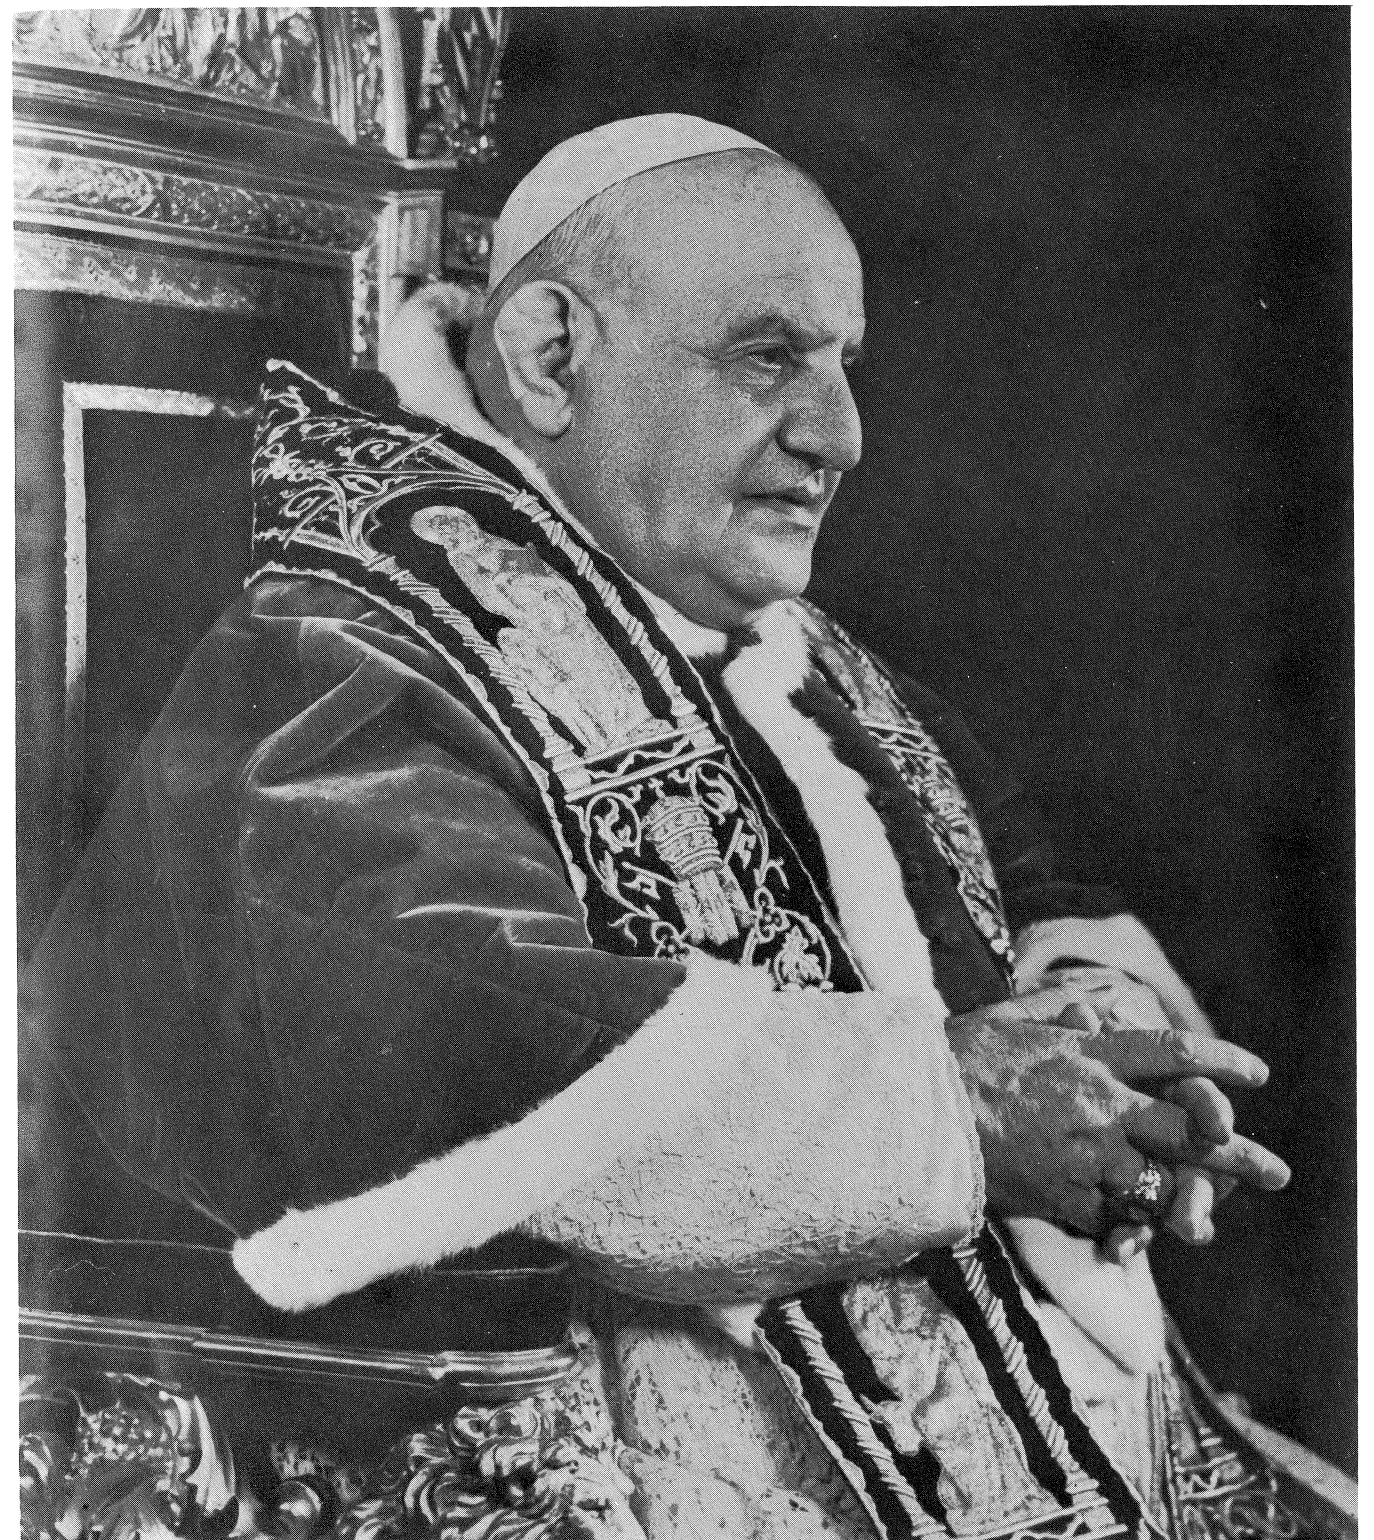

Two years ago, the Class of 1957 produced the first memento book for De La Salle Academy. It was a small, unassuming publication, and the editors specifically declined to call it a yearbook, since its scope was so limited. Nevertheless, it contained very good writing and photography, and served as a forerunner of things to come.

The Class of 1958 expanded the publication, which had been called, from the first, *The Crusader*. Last year's book was broader, both in material and scope. However, it was still somewhat limited, due to its size, and was soft-covered. Most important, *The Crusader* was advancing.

This year's *Crusader* is far more wide-reaching in its general content than either of the other two. It can also boast many firsts, not the least of which is a hard-leather cover-version, in addition to the soft covered book. For the first time the book includes a study of the underclassmen in our student body, and covers the extra-curricular activities—religious, athletic, and cultural—much more comprehensively.

For the entire production of our yearbook, we, the editors, are most grateful to many helpers. We must mention especially our staff, the senior class, the underclassmen, the parents and friends of the Academy who were our financial supporters, the printer, the photographers, both professional and amateur, and our moderator, Brother B. Patrick, F. S. C., whose advice was invaluable. Our heartfelt thanks to all these and to the many others who in any way made this book a reality.

## ARCHCONFRATERNITY OF THE DIVINE CHILD

The Archconfraternity of the Divine Child is an organization into which everyone is inducted as a freshman. Its purpose is to foster religious education among youth, and vocations toward this purpose. The A. D. C. sponsors a novena from the 16th to the 25th of each month. A Mass is said and Benediction of the Blessed Sacrament offered during these novenas. During the A. D. C. meeting each month, a guest speaker talks about a religious vocation or a secular career. Those included this year a doctor, a Maryknoll missionary, a Christian Brother, an engineer, and a diocesan priest.

Officers: Seated, John McDonald, President; James Crawford, Vice-President.

Standing: Donald Gill, Sacristan; Donald Braman, Secretary.

Bro. Daniel addresses A. D. C. members . . .

## PRAYER OF THE ARCHCONFRATERNITY

MOST gentle Child Jesus, my divine little King, I lay at Thy adorable feet the tribute of my heart's fervent homage. Moved at the remembrance of the infinite tenderness which Thou hast for children, I beg of Thee to grant them the benefit of a Christian Education, together with a constant fidelity to the duties of our holy religion. For this purpose, deign, O Loving King Jesus, to raise up a large number of religious educators who will teach youth to know, love and serve Thee in all the schools throughout the world. Amen.

Live Jesus in our hearts! Forever!

The aim of the Student Council is to assist the student body by maintaining order. The members of the Council gave their spare time to make DLS a more orderly place in which to study and learn.

## BENILDE CLUB

The Benilde Club, or Vocation Club, is a society at De La Salle for those boys who might have a vocation to the priesthood or religious life, and for those who wish to help increase religious vocations by prayer and good works. Membership is of two kinds: active and auxiliary. The only difference is that active members meet every two weeks, while auxiliaries meet once every quarter. All members take it upon themselves to attend weekday Mass once a week, and receive Holy Communion at that time. They also promise Sunday Mass and Communion for vocations, a daily visit to the Blessed Sacrament, and special daily prayers for vocations.

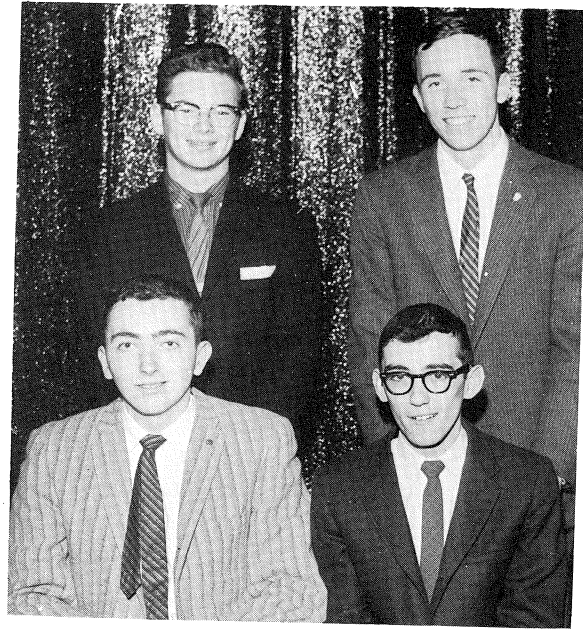

Activities include a periodical newsletter for all members, a vocation pamphlet rack which has been erected, and Masses offered in the various local churches through the donations of Benilde Club members. Brother C. Patrick, principal, who serves as co-moderator, holds bi-weekly discussions for boys planning on entering the Brotherhood, and Father Gallagher, chaplain and co-moderator, holds similar sessions for students interested in the priesthood. Benilde Club activities are increasing each year, and the prayers and good works of the club are undoubtedly partially responsible, at least, for the recent increase in religious vocations from DLS.

## DEBATING CLUB

De La Salle's Debating Society has brought more than its share of honor and glory to its school in the last three years. With practically the same team in all these years, it captured the Narragansett Debating League trophy in 1957 and 1958, its first two years of membership. The schools of Rhode Island and southeastern Massachusetts who belong to the Narragansett League honored DLS by electing our team as President last year. The team declined the same honor this year, but accepted the post of League Secretary.

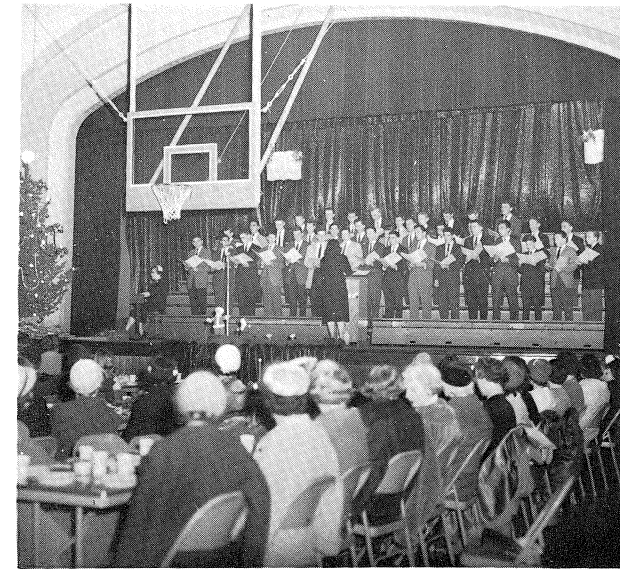

In addition to Narragansett League participation, our debaters participated in several tournaments, at such institutions as Boston University, Providence College, University of Rhode Island, Stonehill College, Sacred Heart High of Fitchburg, Massachusetts and Our Lady's High of Newton. In all of these tourneys the team covered itself with honors.

The debaters are both coached and moderated by Brother A. Denis, and all attribute their success to his teaching methods and perseverance. For an activity which is not the most thrilling, although one of the most rewarding, our team has forced the schools in this area to sit up and take notice at the mention of DLS debaters.

Members, seated: Pat O'Neil, John McDonald, Gerald McDowell, Arthur Mattos, Joseph Hadley. Standing: Abel Mattos, James Macomber, James Campbell, Donald L'Heureux, Walter Gaddis. Kenneth McDonald was absent from picture.

BROTHER BERNARD

## GLEE CLUB

The De La Salle Glee Club is directed by Mrs. Alice Fitzgerald, school secretary, and its moderator is Brother Bernard. The first offering of the 1958-59 season was a highly successful Christmas concert, in which sacred hymns, traditional carols, and novelty songs were included. Ron Boruch and Don Szafr were soloists. The Glee Club presented its Christmas concert first to the Mothers' Club at its annual Christmas party, and then to the entire student body, before the holidays.

The Club traveled to Pocasset School in Tiverton, to perform for the Christmas party of the PTA in that town. PTA members were highly pleased with the rendition given them.

## RIFLE TEAM

The Rifle Team was begun last year, and competitive shooting commenced during the first part of the 1958-59 season. Shooting was held in two leagues, the Newport County League and the school league. Great improvement was shown during the shooting season in both personal and team scores, with team score hikes from the ten and eleven hundreds to the twelve and thirteen hundreds. (To achieve a thirteen hundred team score, the average of the five highest shooters must be 260 out of a possible 300). The De La Salle Rifle Team has been making an excellent showing of itself by outgunning teams who have been in the leagues for five years or more.

*Members, seated:* John Gallagher, Cliff Faltus, Ron Boruch, Tom Sullivan. *Standing:* Evan MacDonald, Bob Edenbach, Bob O'Donnell, Bill Barker, Hilary White.

# Legion of Mary

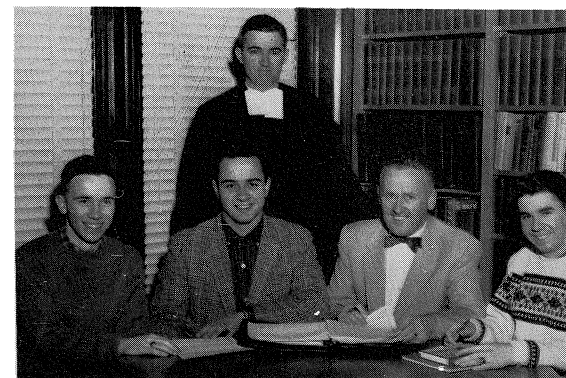

BROTHER BERNARD, Moderator

## LEGION OF MARY

The Legion of Mary is a world-wide Catholic Action organization, and a Junior Praesidium was established this year at De La Salle, under the direction of Brother Bernard, Religious Advisor, and Mr. Joseph Sullivan, President. Members attend a weekly meeting at the school, and spend one hour additionally in a positive work of Catholic Action. Although the specific assignments of members are confidential, the Praesidium of Our Lady of the Star, at De La Salle, has been concerned primarily with underprivileged children and work among the sick.

The reason for the military-sounding titles of the Legion is that it is Mary's Army, and takes its titles and administrative structure from the Roman Legion, which conquered the known world of its day. The purpose of the Legion is to conquer the world again for Christ, through Mary, so that God may once again reign in the minds and hearts of men.

## SCIENCE CLUB

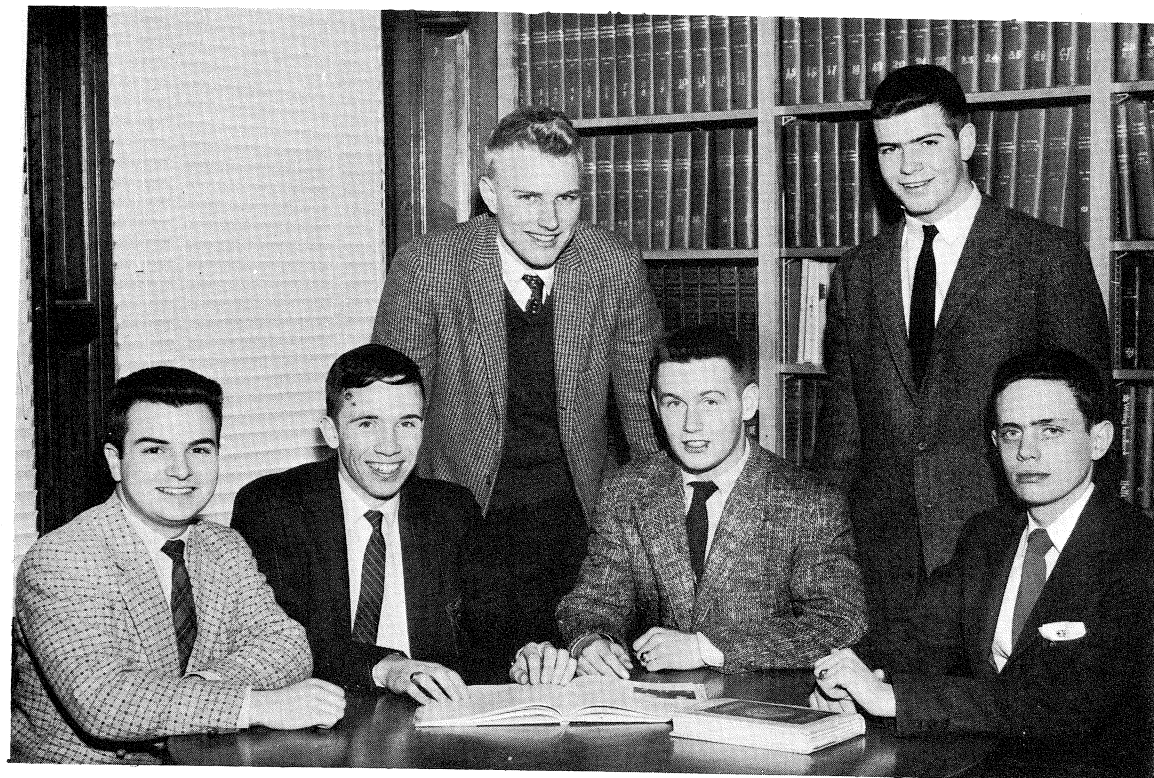

The Science Club was formed by Brother David this year to afford, for qualified students, a greater insight into all the natural sciences. Its membership is limited to honor students, and their weekly meeting is devoted to experimentation in different phases of the sciences, and familiarization with scientific texts and theories, in order to prepare them for college work. They also have lectures and films on various scientific topics. Members of this club had a great time preparing exhibits for the Newport County Science Fair, in which three of them—Donald Braman, Arthur Shea, and——placed as winners.

## YEARBOOK STAFF

Our four years of life at De La Salle were filled with good times, friendships, and special occasions we will never forget. The farther away in time we get from DLS, the dimmer the memory will become of high school life as a whole. The purpose of the *Crusader* and the Yearbook Staff is to re-create high school life at DLS in photos and words. It is easily seen that their efforts have not been in vain.

The editor-in-chief is John McDonald, and it was under his supervision that the *Crusader* was planned and laid out. Special credit for photos is due to Frank Santos, our manager of photography. Mike Fitzgerald and his staff also deserve note for their handling of the financial end of the book. The copy, sports, typing, and art departments all did their best to produce, on a tight budget, a book worth showing to friends in other schools. They succeeded in creating a lasting memento of high-school life in '59.

## DRAMATICS CLUB

The year 1958-59 was a very active one for the Dramatics Club. The members began their hard-working season with the presentation of a Western comedy, "Summer Comes to the Diamond O." Their production of "Henry IV" was given at the Rhode Island College of Education Drama Festival with much success. At various times throughout the season, small groups from the club performed for the Mothers' Club and Fathers' Club.

Brother B. Patrick, the director, did a fine job of patiently coaching the members. The future of the club looks bright, due to the avid interest of many underclassmen.

The show had for its theme a history of songs and dances through the years. Saturday and Sunday night audiences thrilled to satires on TV westerns and soap operas, to crooners, magicians, instrumentalists and dancers.

Public Speaking once more proved itself a busy DLS activity. This fact was evidenced by the outstanding achievements of the year. Gerry and John McDonald took two of the three possible winning places in this year's I SPEAK FOR DEMOCRACY contest. The De La Salle Fathers' Club, with new faces and new ideas, had a very active year. A big hit was the dinner-dance held at the Cliff Lawn Manor, which both mothers and fathers attended. The Fathers' Club basketball tournament was revived, while the annual Christmas raffle, Communion Breakfast and Awards Dinner maintained their successful standards.

## MOTHERS' CLUB

The De La Salle Mothers' Club, perennially active, kept up its burning pace this year. Starting off with the annual Freshmen Mothers' Tea, the mothers ran a De La Sola in the fall months. Their Christmas party was enjoyed by all; and they finished the year by sponsoring the "Night of Frolics" show, selling tickets, providing refreshments, making up the program. Besides running special dances for the Newport youth, the mothers aided other school socials and organized the Senior Prom party.

## MATHEMATICS CLUB

The Mathematics Club was organized at De La Salle this year by Brother Gerard, mathematics department head. The club is a chapter of Mu Alpha Theta, the National Mathematics Honor Society, and De La Salle is only the second school in Rhode Island to receive a charter.

The Club took part in a nationwide examination in mathematics for outstanding students, which was taken in March. The club also holds bi-weekly meetings, at which interesting and difficult problems in higher mathematics are discussed. Certificates of membership in this club were distributed at the third honor awards night in April.

## FOOTBALL

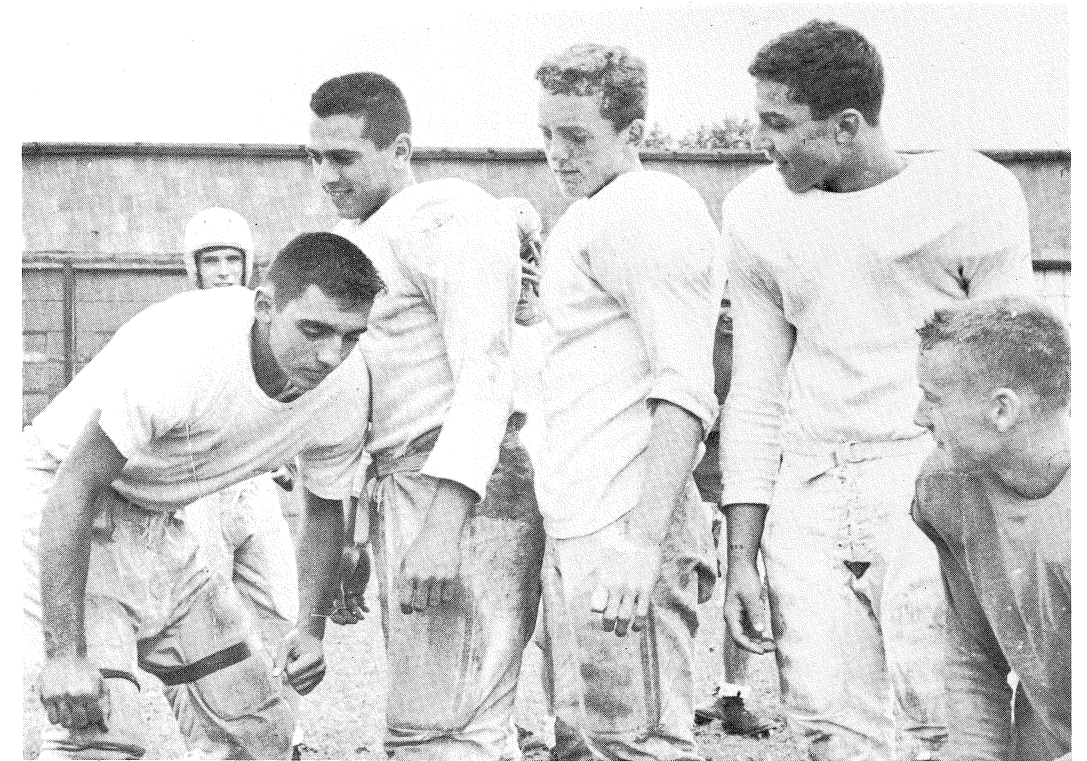

Although DLS's 4-6-1 record isn't too imposing, the team was much better than the record shows. It lost most games by an extra point or one touchdown. Tom Dutra, hard-hitting halfback, led the team in yardage. His 546-yards-gained record placed him third in the state in that category. Jim "Whacky" O'Neil was our open-field speedster. In the Thanksgiving Day game with Rogers, he ran ninety-two yards and fifty-four yards for touchdowns.

De La Salle's hard-hitting, smoothly-operating line was led by Charlie Smith, who was in on every play, shattering the opponents' ground-gaining offense. He was not alone, having the following men beside him: Ray Helger, Jim Serpa, Ray Gauthier, Charlie Donnelly, Tim Dwyer, and Art Moitoza.

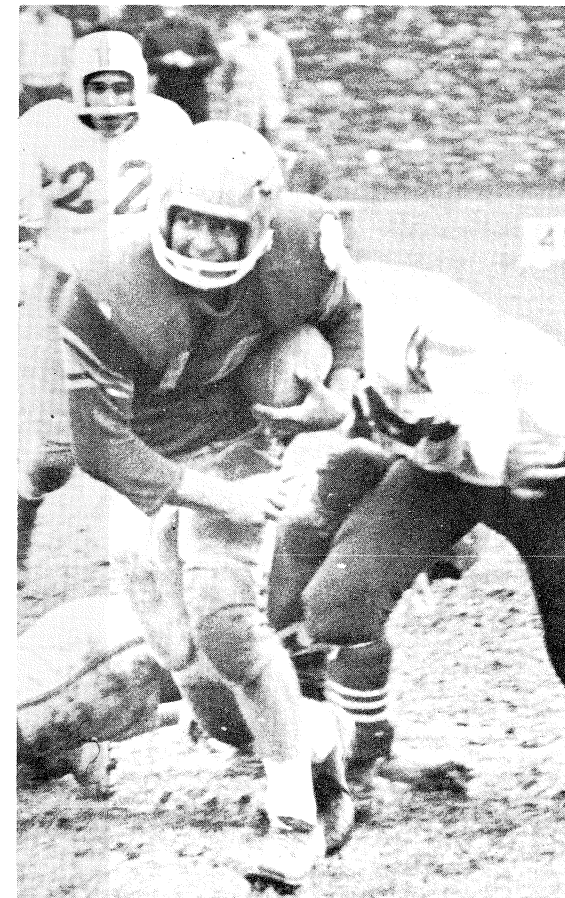

Tom Dutra, Bob Chaves, Tim Dwyer, Ray Helger, Bill Farrell, Jim Serpa, and Jim O'Neil all made the Newport County all-star team.

### BASKETBALL

With five starters returning from last year, De La Salle's basketball team marched down the path of victory in 1959, compiling a 10-3 record in the Rhode Island High-School League. This performance merited a tie for first place, but De La Salle lost the crown in a heartbreaking defeat at the hands of Westerly. A determined bid for state laurels followed, but was upset by the fine shooting of an inspired Cumberland High School team. De La Salle scheduled several non-league contests this year, among which were the annual games with Manhattan Prep and tilts with New England Catholic champion Lawrence Central Catholic. DLS was again host to the ESCIT tournament, and performed creditably there, gaining its first victory since 1956, by defeating Central Catholic of Allentown, Pennsylvania, 61-57. Andy Anderson was high scorer in this year's ESCIT tourney (58 points), as well as high single (33 points). John Gibson's outstanding performances merited his selection on the all-ESCIT team.

Every game this year was a team effort, and all players deserve equal credit, but exceptional games were played by Anderson, Gibson, and Frank Silvia. Andy's uncanny shooting ability, especially from the outside; Gibby's height and effectiveness in the keyhole and for rebounding; and Frank's expert playmaking and defense tactics—all these contributed to make 1959 another great year for basketball at De La Salle.

## BASEBALL

With its new coach Mr. Walter Silveira, and its seasoned moderator, Brother Denis, the DLS baseball team, despite a late spring start, confidently viewed the '59 season. A soothing help to the new varsity coach were stalwarts like Tom Dutra and Frank Silvia, veteran infielders, and John Gibson and Mike Fitzgerald, experienced pitchers. Under Brother David's guiding hand, the Freshmen team, like the green season itself, gave much promise.

## TENNIS

With Brother Gerard's famous energy and Mr. Frank Kenny's shrewd strategy, the De La Salle tennis team hoped to hold to tradition as a strong state championship contender. Not hurting matters, were the brand new home courts built for the varsity only last summer. Coach Kenny, pleased at the return of John Churchwell, and cided by the strong play of Tom Martellino and Roger Chase, has reason to eye the play-off and tournament trophies.
